

Features :

- High performance microphone for recording vivid sound.
- High sensitivity that provides an effective distance above 2m, breaking free the 0.5m–1m limit of traditional microphones.
- No adaptor is required for recording, automatically replacing microphone on your internal sound card.
- Plug & play for USB-enabled PC and Mac (XP or above).
- 360° omnidirectional microphone featuring noise-canceling, suitable for computer recording.

Specifications :

Directional	Omnidirectional
Microphone Type	Dynamic Microphone
Sensitivity	-58dB±3dB
Impedance	Max 2.2KΩ
Frequency	30Hz-16kHz
S/N ratio	> 67 dB
Power input	5V
Interface	USB 2.0
Operating Temperature	-10°C – 45°C
Relative Humidity	5% – 80%
Dimension	Base Size : Ø8cm×1.3cm · Microphone Size : Ø1.6cm×8.5cm · Max Height : 25cm , Cable Lengh : 110cm
Weight	120g
