Description

LB1022X in the L series is featuring built-in Sense Up+ technology to deliver stunning video in low-light conditions. Utilizing intelligent image signal processing, 2D WDR function, AGC control, and 3D noise reduction, the combination successfully delivers the ultimate low-light image without motion blur.

With built-in IR-cut filter, white balance, back light compensation, and IVS features such as audio and motion detection. Featuring a high-end feature such as Micro SD/SDHC card slot for data redundancy. The LB1022X camera is the ideal choice for the most demanding monitoring applications, and it can secure a variety of sites.
