Description

LILIN NTS1004 is our new TVWALL display server, it can support up to 4 monitor displays with a total of number of channels of 96. Combined with our Navigator Software and NCC software, it supports LILIN IP cameras, PTZ dome IP cameras, DVR, NVR, NAV Recording server as well as AVI file and RTSP stream. It also

supports cross monitor function. It helps you to achieve not just a single video display, but multiple input multiple output solution perfect for security company that need to monitor sensitive site 24hours. Via this display server, it can also be used as a digital signage device, so the end user can decide which video to play on which monitor, ideal for a department store or airport.
